EDUCATION

Master of Engineering Management at Faculty of Technical Sciences University of Novi Sad

2008-2015

English - Professional Working Proficiency

German – Working Proficiency (B1)

ABOUT ME

I am frontend developer and graphic designer with a strong foundation in Industrial Management & Engineering, holding a master's degree in the field. My journey began with graphic design, collaborating with prospective clients, which fueled my passion for creating visually appealing and functional digital experiences. Driven by curiosity and a desire to improve, I immersed myself in frontend development, where I now combine my design expertise with technical skills to deliver comprehensive and innovative solutions.
